

NEMA 1 Offset Trough

Another new Kennedy original design

- Offset front cover allows conduit entry through the front, bottom, & ends
- Maximizes internal trough space while still being flush mounted in a corner
- Constructed from 14 or 16 gauge steel
- Two layers of corrosion protection with ANSI 61 gray epoxy paint *OVER* galvanized steel or can be ordered without paint
- Knockouts in front, bottom, & ends
- Square design provides full interior space while still allowing conduit entry from multiple directions, unlike angled trough designs
- Mounting holes in the back and top
